- Specially designed user interface
- Optimized controller for highest quality sound
- P-LOCK Fader Cap lock mechanism design
- Premier built-in sound card

TRAKTOR
PIONEER DDJ-T1 EDITION 2

FEATURES

1 Plug and Play USB Connectivity with 4-Channel Deck Control

All buttons and knobs have been pre-assigned, so users can quickly connect the controller to their laptop with a USB cable and start their performance without having to adjust any complicated settings. Additionally, the DDJ-T1 can be powered through the laptop's USB port¹.

2 Included TRAKTOR Pioneer DDJ-T1 Edition 2 DJ Software

Includes TRAKTOR Pioneer DDJ-T1 Edition 2 DJ software. This popular software is loaded with original functionality, including four-channel deck control and a channel fader start function, which makes it easier for DJs to create exact cue starts².

3 Specially Designed User Interface

The controller layout and TRAKTOR Pioneer DDJ-T1 Edition 2 DJ software interface are identical, ensuring ease-of-use and precise control. The DDJ-T1 is modeled after the proven design of the professional Pioneer DJ player and mixer and integrates 115mm jog dials, accurate search functionality to quickly find playback points, a load button for song data and a master synch button for beat matching across four channels.

4 Highest Quality Sound

The controller is optimized for the TRAKTOR Pioneer DDJ-T1 Edition 2 DJ software and incorporates technology from Pioneer's professional line of DJ equipment to ensure the highest quality sound output that DJs have come to expect from Pioneer products.

5 Additional Features Include:

- Proprietary lock mechanism called the P-LOCK Fader Cap designed to prevent fader caps from slipping³
- Premiere built-in sound card

¹ Some functions are limited. Furthermore, depending on the power supply of the USB port of the computer, the controller may not operate on bus power. If this occurs, connection of the included AC adapter is required.

² A function to start playback from a user-specified point.

³ Patent Pending.
